Donna Murdoch will bring Blaze & Koty who compete in Dog Agility. They will be demonstrating the sport and showing video of recent competitions. This exciting, athletic event requires top conditioning, concentration, training and, most importantly, teamwork as the agile dogs negotiate a tricky obstacle course, including weaving through poles, bounding over jumps, and balancing on boards. The ultimate goal is to complete the course accurately and fast. Donna, Blaze and Koty compete several weekends a month in Agility Trials in California and have traveled to both the AKC Agility Invitational and the AKC National Agility Championships to compete. Donna will also take time to familiarize the Club with their breed commonly known as Tollers.
